Flu vaccination training for Pharmacists

CP Humber Ltd has arranged a training event for pharmacists wishing to provide the NHS Influenza Vaccination Advanced service. Pharmacists wishing to provide the NHS Seasonal Influenza Vaccination Advanced Service must achieve the National Minimum Standards for Immunisation Training.

NHS England has determined that pharmacists' providing the Flu Vaccination Service need to attend face-to-face training for both injection technique and basic life support training every two years. Attendance at this training session will fulfil the delegates requirements to complete the above face to face training but you will need to read the NHS Seasonal Influenza Vaccination Advanced Service Specification and complete all the requirements on the CPPE Declaration of Competency (DoC). Please review this before attendance.

The cost of the session is £90 per delegate which must be paid in advance of the event.

Early booking is recommended as limited places are available.

Wednesday 2nd August 2017

**East Riding Community Hospital
Swinemoor Lane
Beverley
HU17 9PE**

A buffet will be available from 6.30pm
Event will start promptly at 7pm until 9.00pm.
Ample parking is available at the venue.

Prior to attendance at the session each pharmacist **must** complete the e-learning Skills for Health basic life support package.

Access to the online training is included in the cost and will be provided upon payment.

Programme for the evening

- Review of the e-learning course
- Injection technique and basic life support training
- Practical experience of administering injections

To secure your place please email HNF-TR.cph-ltd@nhs.net with the following details: Name; GPhC number; Pharmacy name & address; email address and contact telephone number.

Payment will be requested once your place has been confirmed.
