**The AGM evening meeting has been given over to Primary Care Networks (PCNs) and is open for all pharmacy staff to attend.**

We know exactly how busy and challenging community pharmacy is at the minute and it isn't easy to think about something new when you're rushing round at 100 mph trying to chase stock and get the basics done with barely enough staff. That said, Primary Care Networks (PCNs) have the potential to have a massive impact on pharmacy going forward and is why you need to attend CPNY's AGM meeting. It is absolutely vital that all pharmacy staff understand PCNs and that you engage with them at the earliest opportunity, to ensure that you don't miss out on a golden opportunity for community pharmacy's future.
