1 Background

1.1 Bank Holidays 2019/20

A pharmacy must open to provide pharmaceutical services for its core contractual and supplementary hours each week. Where the pharmacy would ordinarily be open on a Bank Holiday (including Good Friday, Easter Sunday and, Christmas Day) the hours that it would ordinarily be open will, on those days, be treated as having been open for the purpose of counting the core contractual hours that week.

In England, the days that a pharmacy will not be required to open during Xmas & New Year 2019/20 are:-

25 December 2019 Christmas Day	Bank Holiday <i>Except for Weldricks in North Lincolnshire who are contracted for 365 days per year through an LPS contract</i>
26 December 2019 Boxing Day	Bank Holiday <i>Except for Weldricks in North Lincolnshire who are contracted for 365 days per year through an LPS contract</i>
1 Jan 2020 New Year's Day	Bank Holiday <i>Except for Weldricks in North Lincolnshire who are contracted for 365 days per year through an LPS contract</i>

1.2 Direct to Open

Pharmacy contractors are encouraged to inform NHS England whether their premises will be open on Bank Holidays. This information is of critical importance to NHS England in order to enable it to plan and commission pharmacy provision during holiday periods.

To ensure sufficient provision of Pharmaceutical services NHS England may direct a pharmacy or pharmacies to open if the needs of people in the area are not met through voluntary or commissioned Bank Holiday opening hours, NHS England has the power to issue a direction requiring the pharmacy to open, but must if doing so ensure the pharmacy receives reasonable remuneration.

During the planning for Xmas & New Year 2019/20 NHS England has been required to direct a number of pharmacies to open in addition to the existing directions that are in place, those directions are within the following areas:-

1.4 Palliative Care Providers

To enable the prompt supply of specialist palliative care medicines, the demand for which may be urgent and/or unpredictable some CCG areas commission a number of pharmacies to maintain a stock in the event that they are required.

The pharmacy contractor is commissioned to stock a locally agreed range of palliative care medicines and makes a commitment to ensure that users of this service have prompt access to these medicines at all times.

The pharmacy also provides information and advice to the user, carer and clinician. They may also refer to specialist centres, support groups or other health and social care professionals where appropriate.

1.5 Minor Ailment Scheme Providers (MAS)

The treatment of minor ailments has been found to account for 18 - 20% of GP workload, with 90% of such consultations being solely for a minor ailment. It has also been shown that 8% of emergency department consultations involve consultations for minor ailments. Many of these consultations could be dealt with by Community Pharmacy staff who are already trained and competent in this area of care.

The scheme will encourage everyone to consult Pharmacy staff as a first point of call for a minor ailment. For a defined list of minor ailments, medication considered necessary for treatment will be provided free of charge for those patients who are exempt from prescription charges. Those who would usually pay for their prescriptions will still be encouraged to purchase their medication, as many of the treatments will cost less than the prescription charge.

Aims and intended outcomes

- To improve primary care capacity by reducing medical practice workload related to minor ailments.
- To improve access and choice for people with minor ailments by:

Promoting self-care through the pharmacy, including provision of advice, printed information relevant to the minor ailment and where appropriate medicines without the need to visit the GP practice;

Operating a referral system from local medical practices; and

Supplying appropriate medicines at NHS expense to patients who are exempt from prescription charges

1.6 Pharmacy Urgent Medication Service (PURMS)

Up to 30% of all calls to NHS 111 services on a Saturday are urgent requests for repeat medication. This can block GP out of hours (GPOOH) appointments, disrupt the usual repeat prescribing and dispensing cycle, and increase the potential for medicines waste. A small number of patients also attend A&E to obtain urgently needed medicines.

Pharmacy Urgent Repeat Medicine Services (PURM) aim to facilitate appropriate access to repeat medication out-of-hours by sending patients directly to community pharmacy, relieving pressure on urgent and emergency care services, saving money and shortening the patient pathway.
